

3rd annual ViEW meeting at AMEE 2006

## 'Clinical competency, training and assessment'

Following the success of previous workshops at both AMEE 2004 and 2005, the annual meeting of Veterinary Education Worldwide (ViEW) will incorporate a full day workshop to discuss 'Clinical competency of veterinary graduates'. Invited speakers will focus on recent developments in clinical skills training and assessment, with associated participative activities.

Colleagues from other professions are warmly welcomed to attend this workshop, however, it should be noted that the emphasis of the workshop will be on veterinary education.

**Cost: £120**

(includes lunch and refreshments)

Delegates can attend the ViEW meeting in isolation, or may wish to attend the full AMEE conference (£400 to 31st May, £435 from 1st June)

For registration or more information, see the AMEE website:

**[www.amee.org](http://www.amee.org)**

## Clinical competency, training and assessment

A one day workshop for colleagues with an interest in veterinary education

**ViEW Meeting - Friday 15th Sept 2006**  
**Cotone Congress Centre, Genoa**

Main AMEE conference - Sat 16th - Mon 18th Sept 2006

### Who should attend ?

- Anyone with an interest or involvement in the following fields of veterinary education:
  - undergraduate
  - postgraduate
  - veterinary nursing
  - Continuing Professional Development
  - Extra Mural Studies
- Anyone with an interest in multi-disciplinary curriculum development and assessment in a professional context
- Colleagues responsible for Teaching and Learning development at all Veterinary Schools

### Why should you attend?

- To consider implications for curricula in assuring 'Day 1' clinical competencies
- To consider approaches to developing and assessing clinical skills
- To discuss exciting developments in veterinary education
- To meet colleagues involved in veterinary education from international institutions
- To learn more about ViEW - Veterinary Education Worldwide

The workshop forms part of the internationally renowned conference of the Association for Medical Education in Europe (AMEE), which has become the leading world conference for people with interests and responsibilities in the continuum of medical and associated professions education.

It is possible for participants to attend only this workshop, or to register for the whole AMEE conference. For how to register, see the back cover.

### About ViEW

ViEW aims to promote and support excellence in veterinary education at an international level.

The association aims to provide a forum which brings together colleagues involved in veterinary education, and shares ideas and experiences with those from allied disciplines such as medicine, dentistry, and nursing.

**Join us!**

**We look forward to seeing you in Genoa!**
